

Warehouse Supply and Equipment Base. FAC: 4421

CATCODE: 442758

OPR: AF/A4LE

OCR: N/A

1.1. **Description.** Warehouse space is needed for bulk and bin storage of materials for which maximum protection from the weather is authorized.

1.2. **Requirements Determination.** Warehouse space includes:

1.2.1. Supplies and equipment needed to support base operations and fuels operations;

1.2.2. Receiving, storage issue, inspection, pickup and delivery activities;

1.2.3. Warehouse offices exclusive of offices in Supply Administration (CATCODE 610122);

1.2.4. Flyaway or Mobility Kit Storage are for mobility readiness and contain spare parts, special equipment, and supplies needed to maintain aircraft for short periods of time away from their home base;

1.2.5. Dangerous material, exclusive of explosives and ammunition, whose storage accommodations satisfy guidance given in AFJMAN 24-204 and AFJMAN 23-210;

1.2.6. Property in the equipment account (see CG-44 Supply Storage Fac. paragraph 1.1.1.2.3)

1.2.7. **Mobility Bags.**

1.2.7.1. Installation supporting units tasked with mobility commitments are authorized storage space for mobility bags. This space is additive to that listed under CG-44 Supply Storage Fac. Table 1.1, 1.2, and 1.3.

1.2.7.2. Compute space at 0.85 m³ (3 ft³) per bag if the type of bag to be stored has been approved by the Air Force.

1.2.7.3. Ensure commands store bags in a manner to utilize the maximum attainable stacking heights in warehouses. The best space utilization can be obtained by storing in bulk or on pallet racks.

1.2.7.4. Mobility bag storage is the responsibility of the LRS. While actual storage may be decentralized to other organizations if they have existing facilities available to store the bags, do not build facilities at decentralized locations in order to accommodate mobility bag storage. Further, there is no objection to commanders issuing bags to personnel with mobility assignments in lieu of storing bags within the unit on a centralized or decentralized basis.

1.3. **Scope Determinations.** In addition to the space provided under CG-44 Supply Storage Fac. Paragraph 1.1.1., overseas installations that are en-route or turnaround-stations for AMC airlift aircraft and employ the AMC Forward Supply Support System require additional warehouse space. The storage consists of aircraft items, such as built-

up engines, radomes, recovery kits, and so forth, that are peculiar to the AMC mission design and series of aircraft and that are not normally stocked by the host base. Total item requirements, and thus warehouse space requirements, vary with traffic, but the average requirement is approximately 700 m² (7,500 ft²).

1.3.1. See CG-44 Supply Storage Facs. Paragraph 1.1.1.1 for restrictions on the use of **CATCODE 442758**. The additive storage requirements in Table 1.1 may be authorized at the discretion of the MAJCOM.

1.4. **Dimensions.** Space requirements are computed under CG-44 Supply Storage Fac. Paragraph 1.1.1.2.

1.5. **Design Considerations:** Contact OPR for latest requirements and guidance.

Table 1.1. Additive Storage Requirements.

Items	Type Storage	CATCODE	Basis of Authorization
External aircraft fuel tanks/racks/adapters/pylons(MERs/TERs/BRUs)	Shed	442628	Aircraft supported
Base level self-sufficiency spares (BLSS) segregated from POS	Semi-hardened warehouse	442758	Aircraft supported
Base defense weapons	Warehouse	442758	Base population
Chaff	Warehouse	442758	Mission
Base decontaminants	Warehouse	442758	Base population
Defense Reutilization Marketing Offices (DRMO) Holding Area	Warehouse open storage	442758 / 452255	Base population
Film	Controlled warehouse	442758	Mission
Firefighting agents	Warehouse	442758	Base population
Material/equipment for support of personnel not included in Table 4.3. (supported embassies, consulates, etc.)	Warehouse	442758	Population
NATO airfield spare parts	Warehouse	442758	Tasking mission
Nine-month supply of computer forms/paper	Warehouse	442758	Systems supported
Prime BEEF/RED HORSE material/equipment	Warehouse open storage	219946	Organization supported
Special projects support (ACC prepositioned material, LOX plant spares depot, etc.)	Warehouse	442758 / 452255	Actual use
WRM oils/deicing fluid	Warehouse	442758	Aircraft supported

Items	Type Storage	CATCODE	Basis of Authorization
BCE warehouse	Warehouse	442758	Aircraft supported
Chemical Warfare Defense (CWD) equipment (when stored by LRS)	Warehouse	442758	Base population
